

# BHARATHI WOMEN'S COLLEGE (A).

## BEST PRACTICE

1) Nermai Bazaar (Honest Bazaar): This honest Bazaar is meant for students and staff of our college.

This is a store with accessories kept for sale with no monitoring. Students take the things of their choice and leave the appropriate amount in the hundi kept for the purpose. This method not only inculcated honesty in students but also made them more responsible.

2) The College encourages and gives ample opportunity to students to become entrepreneurs. An Entrepreneurial sale is held every year to motivate the students.

3) The college caters to the needs of first generation learners who are mostly from marginalised society. Making them employable is the main agenda of our college. Education and employability will empower these young women and secure them a better future. The placement cell takes care of the training programs, soft skill programs, Job seeking skill and training to make them employable

4) Go Green club takes care of the greenery in the campus and has also entered into an MOU with ITC WOW.
