

Placement Cell

The Placement Cell was established in 2007 with an intention to train the students for better placement opportunities. The cell serves as an interface to bridge the gap between Industry and Academics with a focus on employability. Training and Placement Cell strives to achieve good placements for students each year. A proven track record of consistent high quality education and career readiness year-on-year is one of the reasons for many bright students opting for admissions in this College. Our Alumni hold leading positions in central government labs like CSIR-CLRI, Tamilnadu Government secretariat, Universities, Government and Private Colleges, private sectors and multinational companies. Companies compliment the institution for the significant contributions made by our graduates in their respective fields.

KEY ROLE OF THE PLACEMENT TEAM

- Understanding the needs of the corporate and implementing the same in the academics thereby bridging the gap.
